

It takes a diverse group of people to make our work possible – just look at thousands of volunteers who visit us each year! One group of volunteers in particular ensures the success and progress of our organization: our Board of Directors.

CHP seeks mission driven people who would like to be part of our inspirational organization, and work with our current board and staff to provide fresh food to those in need. CHP will consider all who are interested for this or other volunteer roles within the organization, though we are particularly looking for those with one or more of the following:

- Contacts in north Worcester County who may be helpful to CHP, particularly in and around the town of Harvard.
- Urban food system experience.
- Experience in the field of education.
- Knowledge of agricultural practices.
- Prior experience on nonprofit boards.

CHP strives to be an organization that reflects the diversity of our community. If interested, please email your resume and a letter detailing your connection to our executive director at: execdir@community-harvest.org, detailing the skills you would bring to the Board, and your connection to our mission. All applications will be reviewed as they are received.
